UT San Antonio® Electrical Engineering | Klesse College of Engineering & Integrated Design

Integrated BS/MS Electrical Engineering

Suggested program of study

Semester 1			
AIS	1203	Academic Inquiry/Scholarship	3
CHE	1103	General Chemistry	3
EE	1322	Intro to Electrical & Computer EGR	2
MAT	1214	Calculus 1	4
WRC	1013	Freshman Composition 1	3
			15

Semester 2			
EE	2511	Logic Design Lab	1
EE	2513	Logic Design Lab	3
EE	2073	Intro to Comp Programming for Engr	3
MAT	1224	Calculus 2	4
PHY	1943	Physics for Sci/Egr 1	3
PHY	1951	Physics for Sci/Egr 1 Lab	1
WRC	1023	Freshman Composition 2	3
			18

Semester 3			
EE	2423	Network Theory	3
EGR	2213	Statics and Dynamics	3
EGR	2323	Applied Engineering Analysis	3
PHY	1963	Physics for Sci/Egr 2	3
PHY	1971	Physics for Sci/Egr 2 Lab	1
CORE*		American History Core	3
			16

Semester 4			
EE	3313	Electronic Circuits 1	3
EE	3424	Math in Signals and Systems	4
EE	3463	Microcomputer Systems 1	3
EGR	3323	Applied Engineering Analysis 2	3
CORE*		American History Core	3
			16

Semester 5			
EE	3113	Electrical & Computer Engineering Lab 1	3
EE	3323	Electronic Devices	3
EE	4313	Electronic Circuits 2	3
BIO/CHE/ MAT/STA		Supporting Math/Science Course	3
CORE*		Language/Philosophy/Culture	3
			15

Semester 6			
EE	3213	Electromagnetic Engineering	3
EE	3413	Analysis & Design of Control Sys	3
EE	3533	Probability & Stochastic Processes	3
EE		Technical Elective	3
CORE*		Intro to American Politics	3
			15

Semester 7			
EE	4113	Electrical & Computer Engineering Lab 2	3
EE	4811	Electrical Engineering Design 1	1
EE		Technical Elective	3
EE		Technical Elective	3
CORE*		Texas Politics & Society	3
CORE*		Creative Arts	3
			16

Semester 8			
ECO	2023	Intro to Microeconomics	3
EE	4813	Electrical Engineering Design 2	3
EE		Graduate Elective/EE Core	3
EE		Graduate Elective/EE Core	3
CORE*		Component Area Option	3
			12

Semester 9			
EE		Core Course/Grad Elective	3
EE		Core Course/Grad Elective	3
EE		Grad Elective	3
			9

Semester 10			
EE		Grad Elective	3
EE		Independent Study	2
EE		Grad Elective	3
EE		Seminar	1
			9

Semester 11			
EE	6983	Thesis	3
EE	6983	Thesis	3
If doing Project, then follow courses below instead			
EE		Grad Elective	3
EE	6943	Project	3
			6

Notes:

--Beginning of semester 5, contact EE Program Coordinator about your interest in the integrated program

--By semester 6, apply to the intergrated program if it is deemed that you qiualify

--Semester 8, enroll in the graduate courses. Make sure you fill out the correct form to get enrolled.

--Semester 9, you are technically considered a graduate student. You should already found a Thesis/Project advisor by the end of semester 9 if not earlier

--By semester 10, you should have an idea what your Thesis/Project is about and who is on your Thesis/Project committee

--Semester 11, finish Thesis/Project and defend to graduate

This is only a suggested degree plan. Every student's path to finishing can be slightly different.
